Concept note

The word 'intellect' refers to the creations of the mind. Intellectual Property is a type of intangible property and includes inventions, literary and artistic works, symbols, names, and paintings.

Intellectual Property Rights (IPRs) are the rights granted to the creators of Intellectual Property.

Most IPRs are territorial in nature. For the protection of IP in any country, one has to seek protection separately under the relevant laws. There are special mechanisms in place in various territories for providing protection to different types of IPRs.

Guidelines

1. The workshop shall be conducted through Zoom Platform.
2. The Link, Login ID and Password shall be sent only to the Registered Candidates.
3. You are requested to join the sessions at least 15 minutes prior to the prescribed time for the session.
4. The Questions during the sessions shall be asked in the Chat Box for Zoom and Q & A box.
5. Before joining, kindly check your system requirements to avoid any connection issues
